Windows Computer Tip—Changing the Desktop Background

Ever wonder how to change the picture on your home screen? Well, it's easy!

1. Go to your home screen.
2. Right click on your mouse.
3. Click the "Personalize" button.
4. On the bottom of the box that pops up, click "Desktop Background."
5. Then it will ask you to choose a file from your computer. Near the top middle, select "Browse" to search through your pictures.
6. Find one and then your background will change!
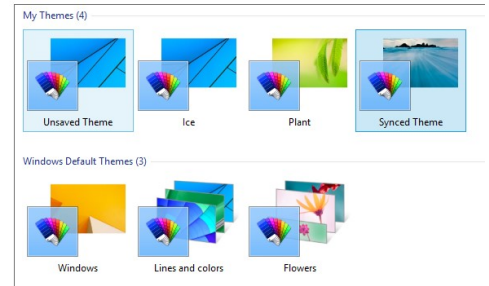

iPhone/iPad Tip—Using Emoticons

Emoticons are pictures of faces showing different emotions.

1. First, go to the "Settings" app and click on the "General" tab.
2. Near the bottom, go to Keyboard > Keyboards > Add New Keyboard > Emoji.
3. Open up your keyboard where you want to type something.
4. On the bottom left part of the keyboard, click on the globe picture.
5. You are now brought to a list of different emoticons. There are hundreds that you can scroll through. When you find one you like, simply click on it and it will appear in your message!
